Dear Colleague,

I enclose the minutes of the development group meeting held at
Copenhagen. Could you please let me have any corrections as soon as possible.

There are a large number of papers that have been promised by various
people. I have included a membership list for people who wish to circulate
papers themselves; but if you do, please indicate this when you send me a
copy, as otherwise I shall assume that I must ensure the circulation of the
paper.

Yours sincerely,

Brendan Lynch
Secretary, Comal Development Group
